

BOOST GOOD ROADS AT LAS CRUCES MEETING

Road to El Paso Practically
Assured as Result of
Gathering.

Las Cruces, N. M., Dec. 5.—The good roads meeting held at the Elks' hall last night was attended by one of the largest crowds ever assembled in this city on a public call. Territorial engineer Vernon L. Sullivan and territorial land commissioner J. P. Eryien, of Santa Fe, came down on the morning train to Anthony and were met there with carriages and brought over the road, the trip impressing them with the need of a good road from Dona Ana to connect with the El Paso county road at Anthony on the state line. Charles D. Miller, assistant to Sullivan, and his probable successor, also accompanied the crowd.

At 8 o'clock the last night the crowd gathered at the Elks' hall and after a Dutch lunch, Mr. Sullivan addressed the people. He stated that he fully realized the need of Dona Ana county and would do all that he could to see that the territory helped out in the matter of the El Paso road. He stated that the convicts could not be used here to advantage and that instead he would recommend a direct appropriation of as much money as the county had available, and would have the engineers from his office assume the personal supervision of the work. His opinion was that the necessary material for a good road is lying all along the proposed road, in the form of clay and gravel, and from his experience, a road put down with gravel and a clay binder, the surface sprinkled with oil, makes a hard and durable roadway. Besides it furnishes an excellent foundation for any other kind of road which might be desired later.

W. A. Sutherland acted as toastmaster and called on representatives from every town that will be reached by the new road and also from a number of the prominent farmers along the way. The responses were all identical insofar as the willingness to help along was concerned. With \$4000 from the county commissioners, as a start, added to a like sum, which was promised by Mr. Sullivan later in the evening, after his first speech, it was thought that if each farmer in the valley would contribute the sum of 25¢ for each acre of land he owned, there would be available money sufficient to build the entire road at once and build it right. Some who were present last night voluntarily offered to pay that amount. A permanent good roads organization will be effected at once and it will be only a short time until the work on the highway will be in full blast.

The other speakers of the evening were: Mayor Young, J. C. McNary, Berne, Elmer Newson, Earlham, Harry Heffernan, Anthony, A. H. Baum, Dona Ana, William Limer, Jr., Rincon, F. E. Lester, Mesilla Park, R. E. McClellan, president of the board of regents of the Agricultural college, Nicholas Galles, president of the Mesilla Valley Chamber of Commerce, M. B. Thompson, F. A. McClellan, M. B. O'Hara, R. Neitzschman, chairman of the board of county commissioners, and H. B. Holt.

STREET PAVING IS STARTED IN CRUCES

Las Cruces, N. M., Dec. 5.—O. H. Brown, the contractor who is to put the asphalt on Main street, started work yesterday and will rush the improvement through to an early completion. The work has been delayed for several days because of the inability of the contractor to get the necessary quantity of crushed stone, but he has received word from El Paso that the rock will reach here on Wednesday.

At present only two blocks of Main street will be treated to the asphalt covering, those blocks being the ones in the center, running from the new grey block to the corner occupied by the Hoffman & Tipton drug store.

BUILDING SCHOOL HOUSE AT CUTTER

Las Cruces, N. M., Dec. 5.—Joe Lowe, foreman for the Las Cruces Lumber company, has returned from Cutter, where he took a force of men from Las Cruces, and yesterday morning started the work on the new schoolhouse for that town, which is being built by the Las Cruces company. Mr. Lowe stated that the work on the new refinery and mill for the treatment of vanadium ore is being pushed, and that the mill will be one of the best in the mining regions of the southwest. New families are moving into Cutter.

EXTRA HELP REQUIRED IN LAS CRUCES POSTOFFICE

Las Cruces, N. M., Dec. 5.—Owing to the increase in business at the local postoffice it has been found necessary to put on an extra mailing clerk, and Sam J. Bean is filling the duties of the extra office at present. The increase is due to Christmas business and the large amount of packages and other mail matter which is being sent through the local office. Later on postmaster Branigan states that he will have to put on one or more extra men, and he thinks that this season's holiday business will exceed that of any year since he has been in the office.

Dr. Pierce's Favorite Prescription

Is the best of all medicines for the cure of diseases, disorders and weaknesses peculiar to women. It is the only preparation of its kind devised by a regularly graduated physician—an experienced and skilled specialist in the diseases of women.

It is a safe medicine in any condition of the system. **THE ONE REMEDY** which contains no alcohol and no injurious habit-forming drugs and which creates no craving for such stimulants.

THE ONE REMEDY so good that its makers are not afraid to print its every ingredient on each outside bottle-wrapper and attest to the truthfulness of the same under oath.

It is sold by medicine dealers everywhere, and any dealer who hasn't it can get it. Don't take a substitute of unknown composition for this medicine of known composition. No counterfeit is as good as the genuine and the druggist who says something else is "just as good as Dr. Pierce's" is either mistaken or is trying to deceive you for his own selfish benefit. Such a man is not to be trusted. He is trifling with your most priceless possession—your health—may be your life itself. See that you get what you ask for.

Las Cruces and Mesilla Valley

DITCH ELECTION HELD IN VALLEY

Las Cruces, N. M., Dec. 5.—The annual election for commissioners and mayordomos of the three community ditches in this end of the county was held yesterday. On the Las Cruces ditch the following were elected: Commissioners, M. H. Peterson, Hugh Clary and Jeff Isaacs; mayordomo, James Quisenberry. At the elections for all the ditches the question of the ratification of the contract with the government for the water from the Leasburg diversion dam was also voted upon, and so far as can be learned all of the water users voted to ratify the new contract. This contract is the same as that of this year, embracing a rental charge at a stated price per second foot for the water used by the three ditches here.

STUDENTS HAVE COIN HUSKING AND QUILTING

Agricultural College, N. M., Dec. 5.—The entertainment given by the Agronomy department to the members of the Agricultural club was one of the most delightful affairs of the year. There were 50 present, so the floor was not overcrowded for dancing. The features in the early part of the evening were the corn husking and the quilting bee; both teams on the former and later came near tying. Games of several kinds were played during the evening, and refreshments consisting of apples, doughnuts and cider were served.

A relay meeting was conducted by Miss Daniel, chairman in the Current Topics club, and a good attendance was on hand. After a brief discussion by appointed members for the current events for the past week, Miss Edna Ruderson gave a well prepared character sketch of the late Leo Tolstol.

A spirited debate was held between John Powers for the affirmative and Earl Wilson for the negative on the question, "Would a Well Conducted Revolution in Mexico Be For the Best Interests of That Republic at This Time." The next debate was not so interesting because the speakers were unable to find material on the subject. The question was: "Are the Late Democratic Victories Significant of Dissatisfaction With Taft's Administration, or Other Causes." Ed Morris and Jesse Thomason had the affirmative, and Wm. Knorr and A. Poe the negative. The second preparatory class entertained at a class party. Most of the evening was spent in playing games and the large amount of packages and other mail matter which is being sent through the local office. Later on postmaster Branigan states that he will have to put on one or more extra men, and he thinks that this season's holiday business will exceed that of any year since he has been in the office.

Professor J. W. Curd, of El Paso, has consented to come up next Sunday and address the assembly at Hadley hall, under the auspices of the Y. W. and Y. M. C. A. The local churches will cooperate in making the meeting an interesting and helpful one. The play given in Las Cruces for the benefit of the Maccabees will be put on at college next Saturday for the benefit of Y. M. C. A. and the Gibbon's club.

**SMALLPOX PATIENT IS
DISCHARGED AS WELL**
Las Cruces, N. M., Dec. 5.—J. H. Garlick, the smallpox patient, who has been under the care of the county physician here for the past three weeks, was discharged last evening completely well. He came here direct from Anthony, and the county health officer has thoroughly investigated the conditions in that town and vicinity, but has been unable to find any trace of the disease there. There has been no further case reported from this locality.

MOVEMENT STARTED FOR NEW CHURCH BUILDING

Las Cruces, N. M., Dec. 5.—The board of stewards of the Methodist Episcopal church of Las Cruces, at a meeting last evening, discussed plans whereby the necessary funds might be raised for the erection of a new church building. It is the intention to start immediately on a campaign for the new building, as the congregation has outgrown the present edifice.

MESILLA PARK TO GET ELECTRIC LIGHT SOON

Las Cruces, N. M., Dec. 5.—The Las Cruces Electric Light and Ice company has commenced work on the extension of its electric light wires to the town of Mesilla Park and expect to have the line finished in two weeks. The poles are being placed and as fast as they are put in position the work of stringing the wires will start.

REPORTER FLEES FROM MEXICO

Editor in Jail and Plant of
Paper Is Confiscated
at Chihuahua.

Jose Reyes Estrada, a reporter for "El Correo," a daily of the city of Chihuahua, has arrived in El Paso after being imprisoned at the time of the arrest of his editor, Silvestre Terrazas, and the confiscation of the newspaper's plant. Mr. Estrada will establish a newspaper in El Paso, and it will be called "El Correo."

"At 6 o'clock Saturday night, November 26, Mr. Terrazas and I were put in jail," said the visitor. "The plant of the newspaper, linotype machines and all, was confiscated, and our circulation of 10,000 left unused."

"The cause of it was our policy, no doubt, but we never were a revolutionary organ. Personally, I am not for the revolution, but I believe in a free press. We were not for the revolution, nor for the government. We tried to be independent."

"The policy of the paper I will establish in El Paso will be the same. It will be El Correo removed to the frontier. Mr. Terrazas was taken a prisoner to Mexico City. I was given my liberty Wednesday. El Correo was 10 years old."

Mr. Estrada intends at first to establish a semi-weekly paper, but later hopes to build a daily Spanish paper, something which does not exist in El Paso or Ciudad Juarez. The first issue of the new El Paso paper is destined to appear within a week or two, as soon as quarters may be procured.

WATER IN RIVER AT LEASBURG DAM

Las Cruces, N. M., Dec. 5.—Engineer Earl Patterson, in charge of the Leasburg diversion dam, was in the city yesterday and reports that there is an increased flow of water in the Rio Grande at the dam. Yesterday morning the government gage showed 400 second feet of water in the channel, which is about 100 more, but than the government canal from the dam will carry. At present all of this water is going down the river.

LETTER SAYS STEINROCK HAS FORTUNE IN EUROPE

There is a legacy in Europe awaiting Albert Steinrock, a farmer who is believed to be in El Paso, according to a letter received Tuesday by chief detective Stansel, from L. J. Folk, chief of police at Fort Worth. The letter states that Steinrock has relatives living in several of the larger cities in Texas. The amount of the supposed legacy is not given. The name of Steinrock is not recorded in the city directory.

HOUSE FALLS WITH WARE

Mounted officer Ira Ware, and his horse, both sustained bruised knees early Tuesday morning when the horse fell on San Antonio street near the big Caples building.

AGNEMENT OF MORTGAGE

Bowman Bank and Trust company to William Tate, assignment of mortgage. Satisfaction of Mortgage. Sarah Schlemberg to N. C. Frenger, satisfaction of mortgage.

LOCATION NOTICES

D. M. Walton has filed a location notice to the "Old Taylor" mining lode, situated in Bear canyon in the Black Mountain mining district, about two miles east of Bear creek and 10 miles north of Organ Peak, located on the east slope of the mountains.

TOO MUCH MAIL FOR POSTOFFICE QUARTERS

During the Week Nearly
300,000 Pieces of Mail
Are Handled.

That the El Paso postoffice is fast outgrowing its quarters in the matter of importance and the amount of mail handled, is proved by the fact that during the week ending Monday night 118,000 pieces of mail of all classes were handled out, while 141,000 pieces of all classes were received for delivery in the city.

In the general delivery department there were 10,220 pieces handled, and in that department in one day 2621 persons called for mail, 535, or one in every five, receiving a letter.

About 200 money orders were received and an equal number dispatched at the local postoffice; 1650 pieces of registered mail were received in one day, the average number in transit being 800 and the average number sent to Mexico being 400.

During 12 months an average of 47,424 letters and cards are sent to the dead letter office, averaging 912 a week.

This is average business, and when the Christmas rush starts, probably the amount of mail handled will be 10 times as much, possibly more. Extra clerks will be put to work about December 15.

CITY DAIRIES ARE INSPECTED BY RAWL

E. H. Rawl, chief of the dairy division of the bureau of animal industry of the department of agriculture at Washington, is in the city for two days. With postmaster J. A. Smith and city health officer W. H. Anderson, Mr. Rawl made a tour of the dairies on Tuesday. He will leave for California on Wednesday afternoon to attend several meetings of dairymen.

STATUE OF BARON STEUBEN

parade that will follow the unveiling ceremonies. The German singing societies will take an active part. Speeches will be made by president Taft, count von Bernstorff, the German ambassador, representative Bartholdt and president Hixson, of the German-American alliance. Maj. Gen. William H. Carter, assistant chief of staff of the army, will be grand marshal of the parade.

Baron Steuben's services were of inestimable value to the disheartened revolutionary army when he joined it at its winter camp at Valley Forge. Its hopes were then at their lowest ebb; continuance of the struggle seemed futile, so it was with rising spirits that they welcomed this young officer who came to them fresh from a distinguished service under Frederick the

Famous "Pint of Cough Syrup" Recipe

No Better Remedy at Any Price.
Fully Guaranteed.

Make a plain syrup by mixing one pint of granulated sugar and 1/2 pint of warm water and stir for two minutes. Put 2 1/2 ounces of pure Pinex (50 cents worth) in a pint bottle and fill it up with the Sugar Syrup. This gives you a family supply of the best cough syrup at a saving of \$2. It never spoils. Take a teaspoonful every one, two or three hours.

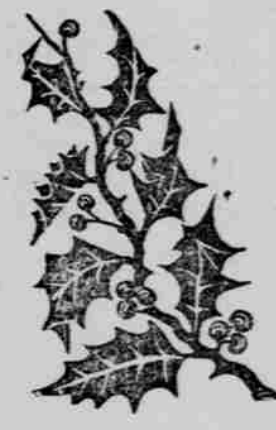

The effectiveness of this simple remedy is surprising. It seems to take hold instantly, and will usually stop the most obstinate cough in 24 hours. It tones up the laded appetite and is just laxative enough to be helpful in a cough, and has a pleasant taste. Also excellent for bronchial trouble, throat tickle, sore lungs and asthma, and an unequalled remedy for whooping cough.

This recipe for making cough remedy with Pinex and Sugar Syrup (or strained honey) is a prime favorite in thousands of homes in the United States and Canada. The plan has been imitated, though never successfully. If you try it, use only genuine Pinex, which is the most valuable concentrated compound of Norway white pine extract, and is rich in galeol and all the natural healing pine elements. Other preparations will not work in this recipe.

A guarantee of absolute satisfaction. If money promptly refunded, goes with this recipe. Your druggist has Pinex or will set it for you. If not send to The Pinex Co., Ft. Wayne, Ind.

Every woman's heart thrills at the cooing and prattling of a baby, and motherhood is her highest and purest joy. Yet the suffering incident to this great consummation of her life's desire, robs the anticipation of some of its sweetness. Most of this can be avoided by the use of Mother's Friend. This great remedy prepares the expectant mother's system for the coming event, and its use makes her comfortable during all the term. Mother's Friend assists nature in gradually expanding all tissues, muscles and tendons, it strengthens the ligaments, keeps the breasts in good condition, and brings the woman to the crisis in healthful physical condition. The regular use of Mother's Friend lessens the pain when baby comes, and assures a quick and natural recovery for the mother. For sale at drug stores. Write for free book for expectant mothers.

TO UNVEIL STATUE OF GEN. STEUBEN

Great Gathering of German-
Americans Expected in
Washington.

Washington, D. C., Dec. 6.—Delegations from German societies all over the United States will be present at Washington tomorrow to take part in the unveiling of the statue of baron Steuben, the German officer who came to this country in 1775 to assist Gen. Washington in the War of the Revolution.

There seems a strong probability that the ceremonies will overtop those of any previous event of this kind at the capital. Secretary of War Dickinson will preside at the unveiling and representative Bartholdt will take a leading part.

Mr. Bartholdt was the author of the legislation appropriating \$50,000 for the monument and author of the inscription it will bear. He also was author of the legislation appropriating \$5000 for a replica of the statue to be presented to emperor William and the German empire. The expectation is that the St. Louisan will be selected to present the replica to emperor William.

It is estimated that 10,000 persons will participate in the military and civic

Great, of Germany. Not only did he bring hope to the half starved forces under Gen. Washington, but he re-modeled the organization of the troops, prepared a manual of tactics and improved their discipline.

**VON ROSENBERG SAYS HE
WILL QUIT WITH CAMPBELL.**
Austin, Texas, Dec. 6.—P. C. Von Rosenberg, commissioner of banking and insurance, today said he will leave the office on the retirement of governor Campbell, although it is stated that the statutes permit him to remain in office until next August. It is expected that governor-elect Colquhoun will also seek to appoint a state tax commissioner in place of L. T. Bashley.

NEW CITY HALL FIXTURES.
A number of new lighting fixtures are being installed in the city hall. Included is an ornamental brass fixture on the neck post leading to the second floor of the building.

Killed by Stray Bullet.
Grand Junction, Colo., Dec. 6.—The accidental discharge of a revolver during a scuffle between two boys resulted last night in the killing of Grace Burger, aged 15, who was in the room beneath that in which the revolver was discharged.

Bribery Case Reset.
San Francisco, Cal., Dec. 6.—The third trial of Louis Glass, former vice president and general manager of the Pacific States Telephone and Telegraph company, convicted of bribery, but granted a retrial by the supreme court, is set for January 24.

London Wool Auction.
London, Eng., Dec. 6.—The offerings at the wool auction sales Monday amounted to 10,795 bales. Home and continental buyers eagerly absorbed suitable parcels from the miscellaneous selections sold. Prices were steady.

Newspaper Man Appointed.
Washington, D. C., Dec. 6.—Thomas W. Brabham of Madison, Wis., for many years active in newspaper work in the national capital, has been appointed executive secretary of the national tariff commission.
